

## WINTERSAFE -50F DUAL PURPOSE BOAT/RV ANTIFREEZE

Safe for all engines, non-toxic propylene glycol formula. Provides protection down to -50°F (-46°C). Contains corrosion inhibitors that protect all engine components and seals. Most effective way to protect all marine engines & water systems from freeze-up during winter storage.

Not made with recycled materials.

- Safe for all engines and water systems.
- Non-toxic product.
- Safe for Copper, Brass and plastic, rubber and solder
- Ethanol-Free
- Corrosion inhibitors to protect engine components & seals.

PART NO.	MFG#	DESCRIPTION
5222000	31200	1 Gallon
5222055	312G55	55 Gallon Drum

## ANTIFREEZE -100 NON-TOXIC

### WinterSafe

The Ultimate in extreme cold weather and corrosion protection for all engines and drinking water systems. Premium additive prevents corrosion of aluminum, copper, brass or solder and will not harm rubber, plastic, seals or hose materials.

The 3X-dyed blue-green colour provides excellent blow-through visibility. Non-toxic USP-grade ingredients containing no alcohols. Ready-to-use or may be diluted – please follow label directions for dilution ratios.

Provides burst protection to -100°F (-73°C) and freeze protection within a range of -58°F to -63°F (-50°C to -52°C). Used in boats, RVs, vacation homes, pools.

PART NO.	MFG#	DESCRIPTION
5222001	31500PK	1 Gallon
5222056	315G55PK	55 Gallon Drum

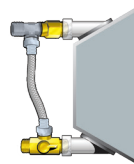

## BLOW-OUT PLUG

Completely clear your water lines with blow-out plugs. Screw the plug into the city water inlet, open all drains and faucets, attach and activate air pump until all lines are clear.

PART NO.	MFG#	DESCRIPTION
7013995	36153	Brass Blow-out Plug

## QUICK-TURN PERMANENT BY-PASS KIT

Save on antifreeze when you winterize with this easily installed water heater by-pass kit. Sturdy, brass backflow resistor and 100% shut-off valve lets you bypass the water heater with a single turn.

PART NO.	MFG#	DESCRIPTION
7013999	35983	Quick Turn Bypass Kit

## MARINE DESCALING FLUID

- Removes scale and deposits from all marine engines
- Will not damage engine seals, gaskets or rubber impellers
- Pick between Ready to Use or Concentrate, 1 Concentrate to 4 parts water.

PART NO.	MFG#	DESCRIPTION
5491195	084000C	Premixed Ready to use, Gallon
5491196	083900C	Concentrated, Gallon
